- ✚ Expand one's ability to articulate the unique role of Catholic health and social services in contemporary society
- ✚ Enrich one's vocabulary to better articulate the Church's mission in health and social service

- ✚ Understand the rich heritage of Catholic social teaching
- ✚ Ensure the on-going development of Catholic health and social services by mentoring leaders

PROCESS

The learning process for the *Foundations in Leadership for Catholic Organizations* focuses upon adult learning styles, inter-active presentations and periods of personal and group reflection. A selection of articles and books provide a base for discussion and reflection. The time together also provides a space for personal development.
